INDIANA BEST PLACES TO WORK IN MANUFACTURING

What is this?

The Indiana Best Places to Work in Manufacturing survey and awards program honors manufacturing employers in Indiana that are making their workplaces great. This is a project of the Indiana Chamber of Commerce in partnership with Workforce Research Group.

What's the process like?

A two-part survey is conducted to get a thorough assessment of each employer.

- Part 1 consists of an Employer Assessment where we capture details about policies and practices.
- Part 2 consists of the Employee Feedback Survey where we capture employees' opinions about their workplace experience.

Employee surveys can be conducted via online or paper survey methodologies.

Both the employer and employee data set are combined to determine the best workplaces.

Who is eligible?

Organizations must meet the following criteria:

- Be a manufacturing operation
- Publicly or privately held
- Have a physical operation in Indiana
- Have at least 15 full- or part-time employees working in Indiana
- Have been in business for at least one year

Are reports available?

All collected employee feedback will be presented in an online interactive reporting tool called the Employee Feedback Data Dashboard. The dashboard will allow each employer to view data by graphs, charts and tables. Plus, standard downloadable reports containing responses by demographic, employee comments and benchmarks are also available.

Recognition:

Employers will find out if they have made the list soon after the surveys are completed. Those who make the best list will be honored at a special awards event and in a special publication produced by the Indiana Chamber of Commerce in December 2024. The identities of organizations not making the list will be kept confidential.
